

Profile — Political Science and International Relations graduate with a focus on Middle Eastern politics, diplomacy, and security. I completed my B.A. in three years and developed a research profile grounded in International Relations theory, quantitative analysis, and comparative case studies. My academic work examines regional power behavior, proxy conflicts, and EU–Turkey relations, with a clear interest in diplomacy, conflict resolution, and post-conflict reconstruction.

Education

M.A. in Global Affairs (English, Thesis) <i>Bahçeşehir University, Istanbul, Türkiye</i>	2025 – Present
B.A. in Political Science & International Relations <i>Bahçeşehir University, Istanbul, Türkiye</i>	2022 – 2025 [View Certificate] GPA:3.26 Completed in 3 years
<i>Deferred Offer</i> <i>Durham University, United Kingdom</i>	<i>Offer deferred by applicant to 2026–2027 academic year</i>
M.A. Politics and International Relations of the Middle East	

Experience

Remote Intern – Data & Information Management (IIIM–Syria) <i>United Nations · International, Impartial and Independent Mechanism (IIIM) – Syria</i> - Processed and structured multilingual data (Arabic–English) - Reviewed and validated extracted information from open sources - Applied structured data extraction and verification methods - Supported analysis through organized datasets and documentation	Mar 2026 – Present
Online Volunteer – Survey & Outreach (UNV) <i>United Nations Volunteers (UNV) · Remote</i> - Supported global survey campaign on Youth, Peace and Security - Contributed to outreach and participant engagement - Recognized by UNV for contribution	Dec 2025 – Feb 2026
Intern – Construction & Project Support <i>Bawani Al Jazira Company for Construction and Fit-Out · Riyadh, Saudi Arabia</i> - Supported administrative and on-site operations across projects - Coordinated documentation, procurement, and material tracking - Assisted engineers and supervisors in project execution - Monitored renovation, finishing, and quality assurance tasks	Jan 2020 – Dec 2021
Volunteer – Home Renovation & Community Support <i>Emaar Charity Association · Madina, Saudi Arabia</i> - Supported home renovation projects for low-income families - Assisted with construction, painting, and materials logistics - Coordinated with teams to maintain workflow and quality	Jun 2021 – Aug 2021

Projects
Theōria - Built interactive IR learning platform (timelines, theory comparisons) - Structured theories and case studies for university-level use
OSINT Platform (In Development) - Developing OSINT tool for email, username, phone, and domain checks - Automates data collection and generates structured reports
Sovereign (Classroom Game) - Designed multiplayer simulation on authoritarian politics - Modeled elite–citizen dynamics and regime stability
Comparative Methods Live Lab - Built interactive tool for teaching comparative research methods - Used in live presentation with QR-based participation

Research Interests

– Regional power politics	– Non-state armed actors
– Proxy warfare dynamics	– Middle East security
	– Quantitative conflict analysis

Skills

- **Research Tools:** SPSS, R, SQL, Tableau, Power BI, Microsoft Excel
- **Methods:** Quantitative & qualitative analysis, hypothesis testing, survey design, focus groups, interviews
- **Technical:** Python for data analysis & cleaning, academic data visualization, basic web development for research dissemination .
- **Languages:** Arabic (Native) | English (Fluent) | Turkish (Intermediate)

Certifications [All Certificates]
Google Data Analytics Professional Certificate Data cleaning, analysis, and visualization using spreadsheets, SQL, Tableau, and R.
International Organizations Management UN system operations, institutional leadership, policy coordination and reform.
Course Including Migrants in Emergency Management Migration-sensitive emergency response, inclusion frameworks, humanitarian coordination.
Human Rights-Based Approach to Programming and Advocacy Rights-based policy design, advocacy frameworks, international human rights standards.
